PROFESSIONAL SUMMARY

Graphic and Motion Design professional with 7 years of experience creating impactful visual communication for digital products, brand campaigns, internal platforms, and business presentations. Currently Deputy Manager at Reliance Jio, with hands-on expertise across animation, visual design, creative direction, and cross-functional collaboration with product, business, marketing, and UI/UX teams.

WORK EXPERIENCE

RELIANCE JIO

Jul 2022 – Present

Deputy Manager – Graphic & Motion Design

- Joined as Assistant Manager and expanded from a motion-focused role into a broader creative profile covering brand, product, UI, web, and presentation design.
- Lead creative execution for high-visibility internal and product-led communication across multiple Jio initiatives.
- Work closely with product, business, marketing, and UI/UX teams to translate complex briefs into clear visual narratives.
- Manage day-to-day design requirements by delegating tasks, reviewing output, guiding junior designers, and ensuring timely delivery.
- Contribute to concept development, visual direction, layout systems, animation planning, and final creative execution.

THINKWHYNOT FILMS

May 2019 – Jun 2022

Motion Graphics Animator

- Started as a Junior Motion Graphics Animator and built a strong foundation in animation principles, timing, transitions, typography, and visual storytelling.
- Worked on client-facing creative projects across brand videos, explainer content, social media campaigns, and fast-paced edits.
- Progressed into handling independent projects from brief to final delivery during the third year.
- Supported junior team members by sharing execution feedback and helping improve animation quality.
